

STATE OF LOUISIANA
OFFICE OF CONSERVATION
"LAFAYETTE DISTRICT" - WEEKLY PROGRESS OR DRILL REPORT

This report is to be filed **WEEKLY**, by the operator, on all new wells from the time a Permit to Drill is issued until the well is either Completed or Plugged and Abandoned, whichever comes first. When a work permit is issued to sidetrack an existing well (LST) or to deepen an existing well (LDW) a report is required to be filed **WEEKLY**, by the operator, until the well is either Recompleted or Plugged and Abandoned, whichever comes first. Show the **present condition** and all **significant** activities during the previous seven days. A report may be called into the office (337) 262-5777 or Faxed to (225) 242-3328 or Emailed to (laf-drill@dnr.state.la.us) each **MONDAY**.

Date of Report: _____ Operator Name: _____
Serial Number: _____ Well Name & No.: _____
Parish: _____ Field: _____
S/T Existing Well: LST # _____ DPN Existing Well: LDW # _____

Rig Name: _____ Rig Phone: _____ Contact Person: _____
Spud Date: _____

Casing/Packers/Tubing/Liners
(All of the following must be reported to this office)

DP/CP Size: _____ Depth: _____ Feet of Penetration: _____
Csg Size: _____ Depth: _____ Total sacks of cement used: _____
Liner Size: _____ TOL: _____ BOL: _____ Total SXS cmt: _____
Tubing Size: _____ Depth: _____ Packer Size: _____ Depth: _____

On directional drilling or sidetracking operations a kick-off point depth is required.

Normal drilling activities: _____ Drilling and a total depth _____

Examples of significant activities: ● Fishing/depth ● stuck pipe/depth ● K/O point / depth ● Set whipstock/depth ● wash and ream ● Circulating and Conditioning mud ● Set plugs / depth / total sacks of cement used ● Logged / depth ● Test casing ● Test BOPs ● Milling ● Sidetracking around junk / depth ● Released Rig / Date ● Current measured depth ● Current total vertical depth - if applicable

Significant Weekly Activity: _____

MD: _____ TVD: _____

IMPORTANT:

When the rig is released a **FINAL REPORT** is required to be submitted **stating the condition of the well at that time**. A status must be given on the final report (i.e. waiting on completion rig, temporary abandoned, plugged and abandoned, plugback, operations suspended, waiting on orders, evaluating well, etc.)
